ABOUT ME

Highly motivated and talented Frontend Developer with a strong foundation in HTML, CSS, and JavaScript, as well as expertise in React and its environment. Seeking a position as a Frontend Developer to contribute my skills and creativity to build innovative and user-friendly web applications.

TECHNOLOGIES

HTML	JavaScript	Redux	Bootstrap	Git & GitHub
CSS	React	Router	Jquery	

SKILLS

- Proficient in HTML5, CSS3, and JavaScript for developing interactive and responsive web applications
- Strong command of React.js and its ecosystem (React Router, Redux, Hooks, etc.) for building efficient and scalable UI components
- Experience with version control systems such as Git and collaboration platforms like GitHub
- Understanding of RESTful APIs and asynchronous programming
- Ability to translate design mockups and wireframes into functional and visually appealing websites

CERTIFICATES

Udemy's certificate of "The complete web development bootcamp".
